

Welcome to the ACO DoP Finder website.

This site is published to you to fulfil the special requirements of the new European Construction Products Regulation 305/2011 (short CPR) in the case of distributing documents of performance (DoP's) for products which are covered by a harmonized European standard in a paperless and up to date way.

The use of this website now will be explained with the help of two case example:

1) You now the unique number of the DoP from our product labels, pallet labels or commercial documents:

Put in the address-bar of your internet browser <http://dop.aco.com> and press enter – you will enter this website

Put into the search-field the relevant DoP-number for example: **ED/G1/1201** and click on search. You get the following result:

## Find the desired Declaration of Performance

### Narrow Search

- Language
- + English (1)
- + German (1)

Enter your DoP or Search-Term:

Searched for "ED/G1/1201".

Results per page: 50

**ED\_G1\_1201\_DE\_PowerDrain.pdf**  
Language: German

**ED\_G1\_1201\_EN\_PowerDrain.pdf**  
Language: English

Below the search-field you will find the located documents and in the left area by **Narrow Search** you get more options to limit the search-results – in this case to the language-version of the documents.

By click on the desired document there will be a new window opened to display the document (this requires a PDF-reader installed on your system). With the functions of your PDF-reader you then can forward the document by mail, save or print the file.

The screenshot shows the ACO DoP Finder website interface. The main navigation bar includes 'Find your DoP Number' and 'Contact'. The search section is titled 'Find the desired Declaration of Performance' and features a 'Narrow Search' filter for 'Language' with options for '+ English (1)' and '+ German (1)'. A search input field contains 'ED/G1', and the results show two documents: 'ED\_G1\_1201\_DE\_PowerDrain.pdf' (Language: German) and 'ED\_G1\_1201\_EN\_PowerDrain.pdf' (Language: English). The Adobe Reader window displays the German DoP document, titled 'Leistungserklärung gemäß EU BauPVO 2011', which includes technical specifications and a signature.

2) You do not know the desired number of the DoP :

Put in the adress-bar of your internet browser <http://dop.aco.com> and press enter – you will enter this website

This screenshot shows the ACO DoP Finder website with the 'Find your DoP Number' button highlighted in a red box. The navigation bar also includes the 'aco.com' logo and the 'Contact' link. The search section is the same as in the previous screenshot, but the search input field is empty and the 'Search' button is visible.

First now click at the top of the site **Find your DoP Number**. The website will change to the following view:

### Find your DoP Number

For a Wildcard Search please use \*

Example: Gre\*

Input box for a full text search in the list. \* can be used as wildcard.
